In September of 1992, history was made as the Glassboro State Tradition became the Rowan College Vision. Along with this new vision came the transition of the next few years to include a new rec center, elaborate library and a new school of engineering. It is the same vision, one of great change and progress, that will continue to carry on as the Rowan College Vision soon develops into the Rowan University Vision. Thus, leaving visions of the good things to come.
